

# ADICIÓN

I. Observa los dibujos y realiza las siguientes adiciones:

2

+

3

⇒

2 + 3 = 5

+

⇒

=

+

⇒

=

## Completando sumas

1. Completa las bolitas de las mariposas de acuerdo a lo que indican los sumandos y realiza las adiciones.

$5 + 3 = \underline{\quad}$

$6 + 2 = \underline{\quad}$

$3 + 4 = \underline{\quad}$

$2 + 4 = \underline{\quad}$

$2 + 3 = \underline{\quad}$

$5 + 5 = \underline{\quad}$

# ¡Jugando con los números!

**PRIMER GRADO**

**MATEMÁTICA**

- Coloca en cada cuadrado el numeral que falta.

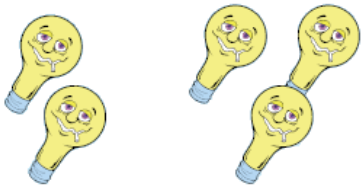

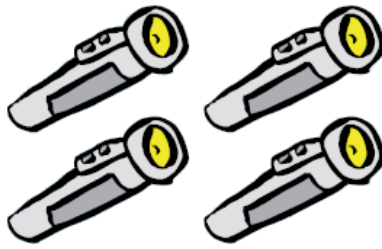

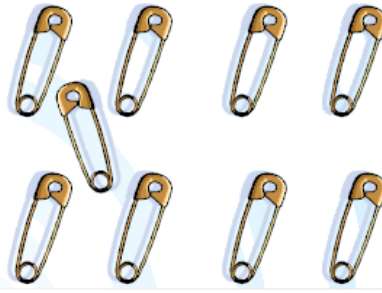

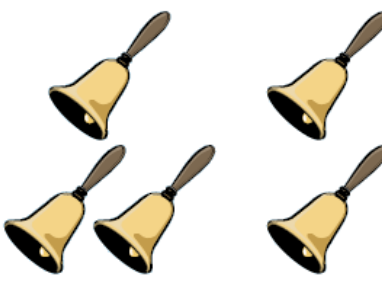

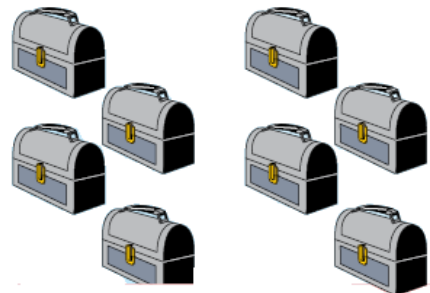

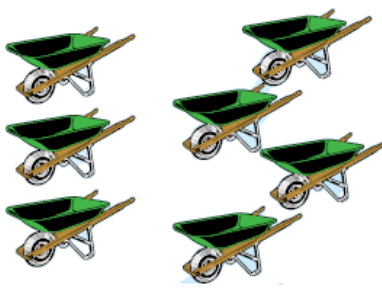

0	1			4		6		8	9
		2	3	4			7		9
	1		3		5			8	
0	1	2	3			6	7		
		2		4	5				9
0					5	6		8	
0	1						7		
		2		4		6		8	
	1		3		5				
0						6	7		

# Seguimos con la adición

PRIMER GRADO

MATEMÁTICA

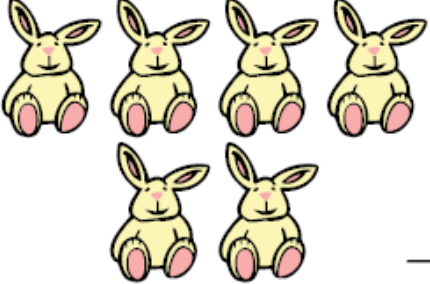

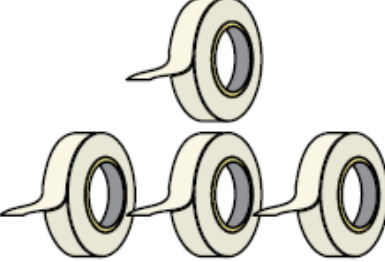

1. Cuenta los objetos y realiza las adiciones.

 $2 + 3 = \square$	 $4 + 2 = \square$
 $2 + 2 = \square$	 $5 + 4 = \square$
 $3 + 2 = \square$	 $5 + 5 = \square$
 $4 + 4 = \square$	 $3 + 4 = \square$

2. Completa y resuelve las adiciones en forma vertical, sigue el ejemplo:

PRIMER GRADO

MATEMÁTICA

 $\begin{array}{r} \square + \\ 4 + \\ \square \\ \hline \square \\ 5 \\ \hline \square \end{array}$	 $\begin{array}{r} \square + \\ \square + \\ \square \\ \hline \square \end{array}$
 $\begin{array}{r} \square + \\ \square + \\ \square \\ \hline \square \end{array}$	 $\begin{array}{r} \square + \\ \square + \\ \square \\ \hline \square \end{array}$
 $\begin{array}{r} \square + \\ \square + \\ \square \\ \hline \square \end{array}$	 $\begin{array}{r} \square + \\ \square + \\ \square \\ \hline \square \end{array}$

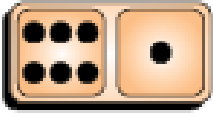

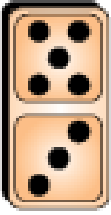

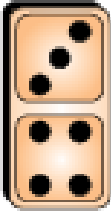

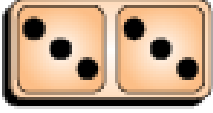

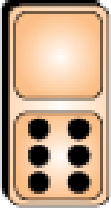

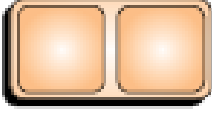

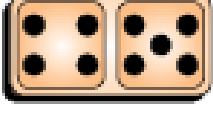

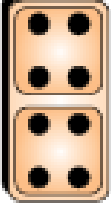

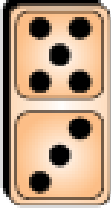

# ¡Ahora te toca trabajar!

PRIMER GRADO

MATEMÁTICA

1. Cuenta los puntos de cada dominó, coloca el numeral en los cuadraditos y luego realiza las adiciones correspondientes.

 <input type="text"/> + <input type="text"/> = <input type="text"/>	 <input type="text"/> + <input type="text"/> = <input type="text"/>	 <input type="text"/> + <input type="text"/> = <input type="text"/>
 <input type="text"/> + <input type="text"/> = <input type="text"/>	 <input type="text"/> + <input type="text"/> = <input type="text"/>	 <input type="text"/> + <input type="text"/> = <input type="text"/>
 <input type="text"/> + <input type="text"/> = <input type="text"/>	 <input type="text"/> + <input type="text"/> = <input type="text"/>	 <input type="text"/> + <input type="text"/> = <input type="text"/>

 <input type="text"/> + <input type="text"/> = <input type="text"/>	 + <input type="text"/> <input type="text"/>	 + <input type="text"/> <input type="text"/>
 <input type="text"/> + <input type="text"/> = <input type="text"/>	 + <input type="text"/> <input type="text"/>	 <input type="text"/> + <input type="text"/> = <input type="text"/>
 <input type="text"/> + <input type="text"/> = <input type="text"/>	 + <input type="text"/> <input type="text"/>	 + <input type="text"/> <input type="text"/>

## Otra forma de sumar

Recuerda que...

... podemos agrupar los sumandos de diferentes maneras y el resultado siempre será el mismo.

Sumo de distintas maneras:

$$6 + 2 + 4 = 6 + 2 + 4$$

$$\square + \square = \square + \square$$

$$\square = \square$$

$$9 + 3 + 5 = 9 + 3 + 5$$

$$\square + \square = \square + \square$$

$$\square = \square$$

$$10 + 5 + 7 = 10 + 5 + 7$$

$$\square + \square = \square + \square$$

$$\square = \square$$

$$9 + 9 + 6 = 9 + 9 + 6$$

$$\square + \square = \square + \square$$

$$\square = \square$$

$$(10 + 5) + 6 = 10 + (5 + 6)$$

$$\square + \square = \square + \square$$

$$\square = \square$$

$$(7 + 6) + 5 = 7 + (6 + 5)$$

$$\square + \square = \square + \square$$

$$\square = \square$$
